

A-TEC PMM-45 45ACP PISTOL SILENCER

A-TEC is a Norwegian company with 20 years of experience with silencer manufacturing. And have now released PMM-45, a high performance silencer that is together with the PMM-6 one of the lightest and most efficient pistol silencers on the market. The PMM-45 is a silencer with a unique spring loaded piston, made to work with modern 45ACP semi-auto pistols with different types of ammo. A-TEC decided to introduce the revolutionary Modular system on the PMM-45, allowing the operator to reconfigure the silencer to shorter and more compact designs. The PMM-45 has 7 modules that are made from a light alloys. The PMM-45 is based on the proven technology on the PMM-6 silencer, redeveloped and customized to fit the needs for a 45 cal. pistol.

The silencer is constructed from Aluminium and stainless steel.
 The spring loaded piston (Nielsen devise) will need to be cleaned every 500 shot, and lubed (grease) up again.

OVERALL PERFORMANCE:	28 DB(C) DRY 35 DB(C) WET
FIRST ROUND POP:	24,8 DB(C) DRY 35,4 DB(C) WET
BEST PERFORMANCE	29,6 DB(C) DRY 37,2 DB(C) WET
SILENCER WEIGHT:	267 G
DIAMETER:	38 MM
OVER BARREL LENGTH:	13 MM
ADDED LENGTH:	196 MM
TOTAL LENGTH:	209 MM
MATERIAL	ALUMINIUM, STEEL
TREATMENT:	BLACK ANODISED
AVAILABLE CALIBRES:	,45 ACP
AVAILABLE MOUNTING:	M16X1, M16X1LH, 0.578X28
