A-TEC MARKSMAN: SILENCER DESIGNED FOR SNIPER RIFLES

A-TEC MARKSMAN

The A-TEC Marksman offers an excellent and efficient muzzle brake and a suppressor to fit it. With the suppressor attached you secure accuracy, hide the muzzle flash and reduce the sound pressure significantly.

Marksman is made for professional users and though usage. The silencer is surface treated with cerakote and the muzzle brake is black nitrated that makes the surface "diamond hard" and extremely robust.
